6 You will have an opportunity to view the PDF one more time before submitting your file. Click **Preview your .pdf file** to review the file that will be submitted to LPI. After you have reviewed the PDF file, close the file and check the box to **Approve the File for Printing**. If changes are needed, **Cancel** your submission, close the window, and return to your original publication to make adjustments to the file.

7 When you are ready to submit the file, click **Submit**. (IMAGE 4)

8 The **Congratulations!** screen will appear once the publication has been successfully sent and received by LPI. Close out of LPI Express™ or click the **New Submission** button if you have another file to submit. Shortly after submitting your file, you will receive an email confirming your submission.
